

CAA Reporting Pharmacy Benefits and Costs (RxDC) Request for Information (RFI) Worksheet for reference year 2023

CAA Reporting Pharmacy Benefits and Costs (RxDC) Request for Information (RFI) Worksheet

UnitedHealthcare (UHC) changed the approach for customers or brokers to submit information that will support UHC submission of pharmacy benefits and costs reporting data to CMS by the June 1, 2024, deadline.

UHC will not send a survey like we did for 2023 but will require customers to complete a Request for Information (RFI) by March 31, 2024. The RFI will be available beginning February 1, 2024, and must be completed by March 31, 2024.

The RFI is embedded in UHC Employer & Broker Portals and can be accessed after the employer or their delegate signs in with their secure passcode.

Key points:

- The **deadline** to complete the RFI is March 31, 2024!
- Responses must only be based upon plan(s) administered by UnitedHealthcare.
- If the RFI is not completed, UHC will submit the data in our system to CMS on or before the June 1 date. However, the submission will not be complete.
- The RFI can be completed by the employer or their designee.
- The RFI takes approximately 5-10 minutes to complete if the worksheet is prepared beforehand.
- Preview & Attest: Review your RFI responses and attest to their accuracy.
- Submit responses: You can only submit your responses once all fields are complete.
- Status of RFI: The status column reflects where you are in the RFI process; if your RFI is still in process or has been completed it will be reflected in this area.

Complete the questions below to prepare your responses to input into the RFI.
