

Did you know that prices for the same quality medical services can differ by thousands of dollars within the same neighborhood and the same health plan network? Instead of spending that money, you and your employees can save it, and earn cash\*. Introducing Vitals SmartShopper, a new program offered through Anthem Blue Cross and Blue Shield that lets you shop for cost-efficient health care.

## Introducing SmartShopper

**SmartShopper is an incentive and engagement program to guide existing Small Group Anthem members<sup>1</sup> to cost-effective options with the goal of achieving potential measurable results for you and your employees.**

- Compare it to when you're parking your car—you can choose the \$30 lot, or the \$15 one, just a few blocks away.
- Vitals SmartShopper allows you to shop for your health care services in a similar way, and as the following examples show, the differences in price can be significant.
- Best of all—shopping with Vitals SmartShopper could minimize your out-of-pocket costs and earn you a cash reward\*.

<sup>2</sup> Examples shown are for specific locations and time periods and are not intended to represent costs for procedures in your area.

Medical Procedure <sup>2</sup>	Cost Variance	Provider A Cost	Provider B Cost	Provider C Cost
Colonoscopy	\$1,182 to \$4,749	\$1,182	\$2,932	\$4,749
